Bibliography	Dansie, A.; Alleway, H.K.; Böer, B. ed. (2024) The water, energy, and food security nexus in Asia and the Pacific, Water Security, Energy Security, and Food Security Nexus in Asia and the Pacific, Springer Nature, Cham, Switzerland.
Abstract / Content summary	In this volume 'The Water, Energy, and Food Security Nexus in Asia and the Pacific' an overview of the sub-region is presented. The book is divided into three parts: Part I: Overview of the Water, Energy, and Food Security Nexus in Asia and the Pacific; Part II: Case Studies of the Water, Energy, and Food Security Nexus in Asia and the Pacific; Part III: Policy Implications and Future Research Directions. The book covers various topics such as water scarcity, energy demand, food production, and their interlinkages in the context of the Asian and Pacific region.
