

Parent project	
Project type	Study
Status sort	Current year started
NARI code	L10034
Donor code	
Funds source	Funded under PIP R&D
Budget	K22,500.00
Project name	Evaluation of less -labour intensive yam propagation techniques with improved agronomic practices for high yield production
Name abbrev	Evaluation of less-labour intensive yam propagatio
Detail	
NARI team lead	Philmah Seta-Waken
Project team	Joseph Siwer
Partners	
Start date	2024/06/03
End Date	2026/06/30
Intended outcomes	
Planned outputs	Information of best practice of a less-labour intensive yam propagation with improved practices for producing high yield for consumption and seeds as a preparedness strategy during climate induced stress and risk made available to beneficiaries.
